

Fletcher Academy's "Pioneer Pulse" August 2022

In the News:

Let me introduce myself – I am the new Pioneer Volunteer Coordinator!
I started this new position in 2022.

I am not a stranger to the Fletcher Academy campus; however, I was not familiar with Fletcher Academy until my freshman year in high school. I attended public school for 7th through 9th grades, but a good friend was headed to Fletcher for Academy Days, and I decided to go with her. After visiting Fletcher, I loved it and was able to attend FA beginning my sophomore year and graduated from FA in 1989.

My husband of 31 years, Ken (FA class of '88), and I were high school sweethearts at Fletcher Academy. We dated beginning my junior year and continued for 3 1/2 years before getting married. We have 2 children, Austin and Britani, who both attended Fletcher Academy and graduated in '15 and '16, respectively. Fletcher Academy has a very special place in my heart and if it wasn't for FA I would not be where I am today.

If you're searching for a place to Serve with Purpose, we need to talk! We have a lot of areas for volunteers to help where they are needed and appreciated. Please call me and let's find a place for you to serve where you're truly valued!
